

KRALLERHOF

Seminars

Where business meets inspiration.

Set on a sunny plateau in Leogang, surrounded by the Salzburg mountains, the Krallerhof is a place where focused work and exceptional experiences come together.

The Krallerhof combines business, alpine nature, art, culinary experiences and relaxation to create an exceptional setting for meetings, incentives and signature experiences.

With more than 1,100 m² of professionally equipped meeting space, the Krallerhof offers the ideal setting for a wide range of event formats – from focused meetings and workshops to larger corporate events, conferences, exclusive car presentations and individually tailored incentives.

It is about more than simply finding the right meeting room. A focused meeting can be followed by a shared experience: a day in the mountains, an exclusive dinner, a moment of tranquillity in the ATMOSPHERE Spa or a special activity – carefully curated to suit the occasion, the group and the objectives of your event.

Meetings with perspective

Meetings need space – for clear thinking, new perspectives and focused exchange.

The alpine surroundings of the Krallerhof create a distinctive atmosphere for exactly that. Professional conference facilities meet nature, tranquillity and genuine hospitality.

Whether for a small group, workshop, seminar, conference or corporate event, the different spaces provide the ideal setting for focused work and individually tailored event formats.

With more than 300 events per year, the Krallerhof has many years of experience in the professional organisation and execution of business events. The experienced event team personally supports each event, tailoring every detail with a strong commitment to quality.

Your home for business & beyond

The Krallerhof is not only an event venue, but also a retreat and a home away from home.

124 five-star rooms and suites, including 30 suites, provide the ideal setting for multi-day meetings, incentives and events.

Nature, art and culinary experiences shape the entire hotel – from the individually designed rooms and suites to the cuisine and the spaces created for retreat and connection.

The result is a place where business does not take place in isolation, but becomes part of a complete stay.

The art of slowing down

MIND. BODY. BALANCE.

After intensive meetings and a day full of impressions, ATMOSPHERE by Krallerhof & REFUGIUM Spa offer a special retreat for regeneration – with an infinity pool, natural bathing lake and views of the surrounding mountains.

Especially during demanding business programmes, valuable moments also arise away from the conference table: while switching off, connecting on a personal level and enjoying moments that deliberately require no further agenda. The Krallerhof creates space for exactly that – between activity and tranquillity, inspiration and regeneration.

Culinary Signatures

At the Krallerhof, cuisine is far more than simply part of the stay – it is part of the experience.

Regional products, alpine identity and contemporary cuisine define the culinary signature. Seasonal dishes and homemade specialities are complemented by products from the hotel's own bakery and manufactory.

For special occasions, this gives rise to individually tailored formats – from Chef's Table experiences for exclusive groups and wine tastings to individually curated dinners.

Whether in a unique rustic atmosphere, high up in the mountains or beneath the stars of Leogang, cuisine becomes a shared experience and provides the perfect setting for special moments.

Signature Incentives

From private skiing experiences in the Leogang mountains, ice bathing, torchlight hikes and night-time tobogganing to Flying Fox XXL, golf, tennis and selected outdoor experiences in summer: our incentives combine the alpine surroundings with individually tailored opportunities for your group.

Whether active and extraordinary, relaxed and indulgent, or as a deliberate contrast to the business programme, every experience is tailored to the group, the occasion and the desired flow of the event.

The hotel's own event venues also open up exceptional possibilities for individual formats: KrallerAlm, AlteSchmiede and AsitzBräu each have their own distinctive character and complement the Krallerhof with unique settings for meeting, connecting and sharing experiences.

Curated for your guests

EVERY EVENT HAS ITS OWN CHARACTER.

That is why meetings, incentives, events and signature experiences are individually tailored – with a clear focus on the occasion, the guests and the desired flow of the stay.

From the initial concept through to implementation, the experienced event team provides personal and professional support throughout the entire event.

The result is more than a business programme: a thoughtfully curated experience that creates space for exchange, brings people together and leaves a lasting impression.

KRALLERHOF

Where business meets inspiration.

A place where focused work, alpine experiences, art and mindful regeneration come together.
